Increasing crude oil exports by lifting the current ban is a major opportunity for America. An opportunity to fuel economic growth while also decreasing costs for American consumers. America has the supply and the world market has a demand. We should allow companies to export our abundant supply of crude oil and allow Americans to benefit from the results.

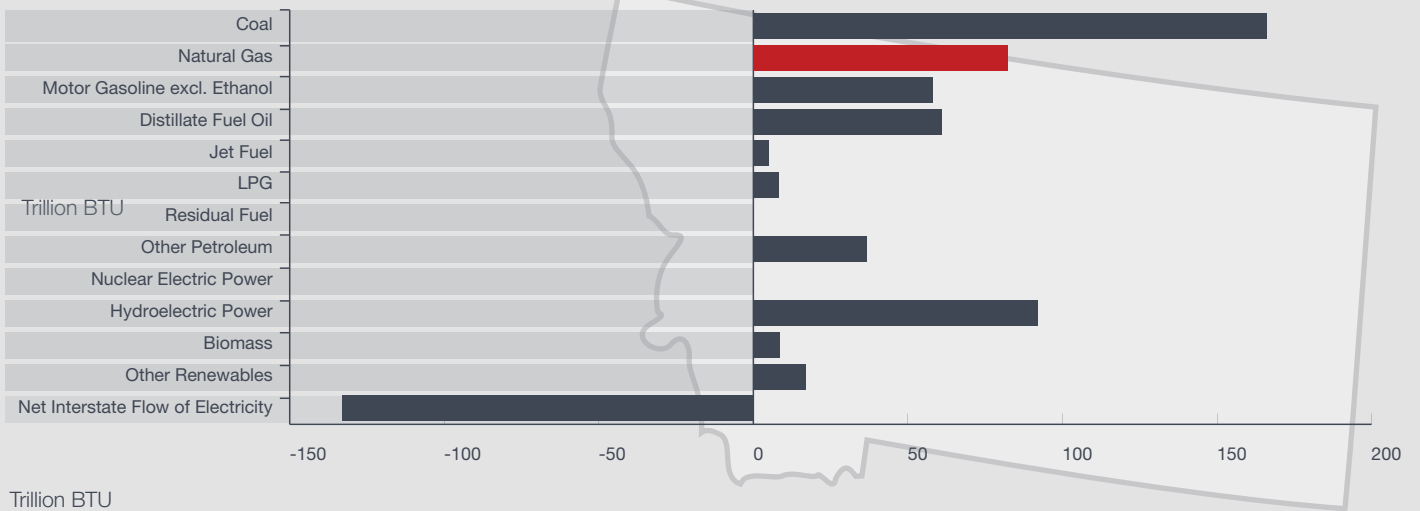

\$490 MILLION

Crude oil exports are projected to **contribute \$490 Million** to Montana's incomes in 2020.

Montana Energy Consumption Estimates, 2013

(Energy Information Administration, State Energy Data System)

“Based on what seems to be going on with the debate with Iran, think about this contrast. The sanctions in Iran, their oil export ban is **likely to get lifted here in the near term and the last country in the world that has a ban on oil exports will be the United States of America.**”

—Senator Steve Daines
